Education

Indira Gandhi Delhi Technical University For Women, New Delhi, India

Bachelor of Technology in Computer Science

Aug 2020 – May 2024

CGPA 7.3

St. Angel's Sr. Sec. School Rohini, New Delhi, India

March 2019

Class 12th (2018-2019)

Class 10th (2016-2017)

Technical Skills

Advanced: C++ ,HTML ,CSS , JavaScript ,Data Structures And Algorithm ,Bootstrap, Canva, Front End Development

Intermediate: React, Object Oriented Programming, Database Management System, Operating Systems, GIT

Beginner: Backend Development, SQL

PROJECTS

Calculator / *PROJECT LINK-* <https://github.com/kanishka2001/Project-Calculator.git>

January 2022

- Developed a fully functional calculator application using HTML, CSS, and JavaScript.
- Implemented the calculator's core functionality using JavaScript, including arithmetic operations, input validation, and real-time calculations.
- Utilized event handling techniques to capture user input and update the calculator's display dynamically.
- Demonstrated strong problem-solving skills by troubleshooting and resolving coding challenges during the development process.
- Successfully deployed the calculator application on a web server, making it accessible to users worldwide.

To Do List / *Project Link-* <https://github.com/kanishka2001/Project-To-Do-List.git>

October 2022

- Developed a feature-rich TO-DO list application using HTML, CSS, and JavaScript.
- Designed an attractive and intuitive user interface with HTML and CSS, ensuring a seamless user experience.
- Implemented dynamic functionality using JavaScript to enable task creation, deletion, and modification.
- Utilized local storage to save and retrieve task data, allowing users to persist their TO-DO list across sessions.
- Employed event handling techniques to capture user input and update the TO-DO list dynamically.
- Ensured cross-browser compatibility and responsiveness through thorough testing and responsive design principles.
- Demonstrated strong problem-solving skills by troubleshooting and resolving coding challenges during the development process.
- Successfully deployed the TO-DO list application on a web server, making it accessible to users worldwide.

Leadership / Extracurricular

Girl Up Aadya

January 2023 – Present

President

- Led as the President of Girl Up Aadya, a chapter of the United Nations Foundation's Girl Up initiative.
- Spearheaded a team of dedicated members to drive the organization's mission of empowering and advocating for gender equality and girls' rights.
- Developed and executed strategic plans, initiatives, and campaigns to raise awareness and promote positive change in the community.
- Organized and managed various events, workshops, and fundraisers, engaging and mobilizing a diverse group of individuals to support the cause.
- Collaborated with local schools, NGOs, and community organizations to establish partnerships and expand the reach of Girl Up Aadya's initiatives.
- Provided guidance and support to team members, fostering a collaborative and inclusive environment that encouraged personal growth and development.
